

CNC Community Impact Panel & Awards Luncheon

Since its inception in 1972, CNC has hosted open forums sharing common interests and expanding practical knowledge on key issues affecting the Latino community and the nation. Our focus areas include early childhood education, workforce skills development for youth and adults, increasing Latino homeownership, and access to affordable care.

This year, CNC will host a panel discussion and awards luncheon focused on early childhood education. Attendees include community leaders, educators, corporate executives, and elected officials.
